

AQUA CONTROL, INC.

Select Series 2 – International No Control Panel

1-Year Limited Warranty

Aqua Control, Inc. warrants to the original purchaser (the end user) of any **Select Series 2 Model**, manufactured by *Aqua Control, Inc.* any part of which proves to be defective in materials or workmanship, as determined by the factory within **one (1) year** from the shipping date. It will be repaired or replaced at no charge with a new or remanufactured part, and returned freight prepaid when an *Aqua Control, Inc. Control Panel* is purchased with the product(s). Exceptions are **Incandescent Light Bulbs, Lens Gaskets and Lenses** which carry a **thirty (30) day** warranty. If it is necessary to return products to *Aqua Control, Inc.*, the end user shall assume all the responsibility and expense for removal, packaging and freight to ship to *Aqua Control, Inc.* to determine the warranty claim and for all reinstallation expenses.

The **warranty is void** in cases where damage results from: improper installation, operation with no flow, continued operation with only partial flow, continued operation with obstructions that result in pump cavitation (noisy operation), improper electrical connection, improper voltage, unit modification, lightning, careless handling, misuse, abuse, freezing, disassembly of motor or failure to follow maintenance or operating instructions. Modifications or repair by an unauthorized repair facility will void the warranty.

In no case will *Aqua Control, Inc.* or its distributors accept responsibility for any costs incurred by the end user during installation, removal, inspection, evaluation, repair, parts replacement, travel, or for freight to *Aqua Control, Inc.* Nor will any liability be accepted for loss of use, loss of profits, loss of goodwill, for consequential damage, or for personal injuries to the purchaser or any person.

In the event of problems believed to be covered under warranty, it will be necessary to notify the distributor who will try to resolve the problem and who may contact the factory for additional assistance. If it is determined by *Aqua Control, Inc.* that there may be a defect which may be covered under warranty, it will then be the decision of *Aqua Control, Inc.* to ship a replacement item under warranty or deem it necessary to issue a Return Material Authorization (RMA) to the distributor to have the product returned to *Aqua Control, Inc.* for a thorough assessment.

If the factory evaluation of the returned goods concludes that the failure is due to defects in materials or workmanship, the part or parts in question will be replaced under warranty with new parts, remanufactured parts, or will be repaired; at the factory's option. The warranty period for all parts supplied under warranty **will terminate at the end of the original product's warranty**. All warranty shipments from the factory will be shipped freight prepaid.

No implied warranties of any kind are made by *Aqua Control, Inc.* for its products and no other warranties, whether expressed or implied, including implied warranties of merchantability and fitness for a particular purpose, shall apply. Should an Aqua Control product prove to be defective in materials or workmanship, the retail purchaser's sole remedy shall be repair or replacement of the product as expressly provided above.
